

Mohamed Sayed

Frontend Developer

mohamedsayed.dev01@gmail.com | +20 1140393951 | [Portfolio](#) | [GitHub](#) | [LinkedIn](#) | Cairo, Egypt

PROFILE

Frontend Developer specializing in React, Next.js, and TypeScript. Focused on building responsive and maintainable web applications.

SKILLS

React • Next.js • TypeScript • JavaScript • HTML • CSS • Tailwind CSS • Supabase • Git • GitHub

PROJECTS

E-Commerce Platform React • JavaScript • Tailwind CSS • Supabase • Framer Motion [Live Demo](#) [GitHub](#)

- Built an e-commerce platform with user authentication, role-based access control, and an admin dashboard.
 - Used Supabase to handle product listings, image storage, and user data management.
-

Cafe Management Platform Next.js • JavaScript • Tailwind CSS • Framer Motion [Live Demo](#) [GitHub](#)

- Built a cafe platform with an online reservation system and an admin dashboard with email-based login.
 - Used Supabase to manage menu content, reservation records, and image uploads.
-

TaskFlow Dashboard React • JavaScript • Tailwind CSS • Framer Motion [Live Demo](#) [GitHub](#)

- Built a task management dashboard with full CRUD operations and project-based task organization.
 - Implemented Local Storage for data persistence and built reusable components with Framer Motion animations.
-

HavenEstate — Real Estate Platform Next.js • JavaScript • Tailwind CSS [Live Demo](#) [GitHub](#)

- Built a real estate platform with property listings and filtering by location, property type, and price range.
 - Built dynamic property detail pages with a clean, responsive UI focused on performance and visual clarity.
-
